Allergies, restrictions, or special needs:

Additional helpful information about my child:

PERMISSION SLIP

I give my child, _____, permission to attend Pet World's Animals After Dark program. He/she is in good health and has no known allergies to any animals. I understand the potential risk of my child getting bitten while handling the animals during the program and will not hold Pet World responsible. I understand that I may cancel my registration in writing up to 10 days before the program and receive a full refund less a \$10.00 cancellation fee. I accept that my registration is non-refundable once it is within 10 days of the program. I grant Pet World the right to use any photos taken of my child during the program for promotional advertising and understand these photos to be the property of Pet World Inc., Lawrence, Kansas. I know that registrations are generally accepted on a first come, first served basis; however, Pet World may turn down a registration if they strongly feel a child is unwilling or unable to attend the program successfully, or the program is not in his/her best interest.

6:00-6:30pm Drop Off, Sign In, Playtime

Kids gather in the Education Room and get signed in, put their stuff in their cubby, then proceed to Pet Playtime! Kids have optional stations with live animals including warm blooded furrries like bunnies, guinea pigs and birds!

6:30-7:15pm Dinnertime

Around 6:30pm we put our animals away and clean up. For dinner we have pizza delivered from a local pizza parlor, and discuss our plans for what additional pets we want to experience, what games we want to play, etc. Then we eat pizza! (Soda is not offered, sorry. Only water.)

7:15-8:00 Closing Time

After dinner we wash up and help put the animals to bed. At this point the store is closed and the doors are locked so the kids have a little more freedom to safely roam. They can choose any department and work with employees to prepare the animals for the night – even fishroom!

8:00pm-9:00pm Animal Time

After closing procedures are completed kids can have one on one interactions with additional optional pets such as ferrets, chinchillas, birds, lizards and tarantulas! We split up into groups and interact with as many animals as we can!

9:00-9:45 After Dark Time!

Around 8:45pm we'll get the "15 minutes til lights out" warning and prepare for lights out. We get ourselves ready for bed, taking a restroom break and changing into our pajamas (optional, but preferred by most -- even the adults). Around 8:55 we get the five minute warning and gather to hide and giggle in our secret place, flashlights in hand. When everyone is ready, and the other employees are leaving to go home, the lights go out! The kids squeal out loud because they know it's time to explore! Armed with our flashlights we venture out into the store to see what the animals do while Pet World is closed and everyone else is sleeping. We play games and explore all the secret places at Pet World where no one else can go!

9:45-10:00 Parent Pick Up

Near the end of the program, we turn on the lights and bring the kids to the front door for parent pick up between 9:45 and 10pm. Parents can all park in front and know when the lights go on, it's safe to enter. The kids will be tired and ready for bed!

Enjoy your evening out, knowing that your kids are safe, having a great time with us! First aid, rescue and CPR certified, our well-trained staff will take great care of your kids! We guarantee they have never had sitters quite like those at Pet World!
