I would make a great volunteer because

my signature _____

Parent Name(s) _____

Parent recommendation

parent signature _____

School _____ Grade _____

Teacher/Coach/Mentor name _____

Teacher/Coach/Mentor recommendation

teacher/coach/mentor signature _____

Please KEEP BOTTOM PORTION for your information.

Applications will be accepted during the months of January, May, and August. All applications must be neat and complete to be considered for placement in the program. Applications are processed at the end of the month in which they are received. Calls are made the following week or two and Orientation is usually scheduled for the second weekend of the month following applications. For Example: We accept apps all of January, process them at the end of January, make calls the first week or two of February, then schedule Orientation the second weekend in February. During processing you should receive a call or an email verifying that you have been placed in the program. Orientation will last about an hour (at Pet World) and you'll need to have at least one parent with you.

You may volunteer one hour per week, when convenient, beginning the Monday after Orientation. You may skip weeks as needed and still remain in the program. Try to volunteer at least one shift per month, no more than four until you are more advanced. Pet World volunteer shirts will be issued after successful completion of three shifts. Questions? Feel free to email Ande.PetWorldLawrence@gmail.com noting "volunteer program" in the subject line or come in and talk to Ande anytime!

THANK YOU!
